

# **International Workshop on Research and Development on REDD+**

**Seoul National Univ., Renmin Univ., of China, FAO, UNDP, ITTO**

**Organized by:**

**SNU and RUC**

**Beijing, China- May 21-25, 2013**

**Objectives:**

- Share updated Information on research and development on REDD+ in East Asian countries;
- Level off the understanding on challenges and opportunities on REDD+ development and research
- Train professionals, equipping them with a background in climate change, forest management payment for ecosystems services, and practical skills necessary to engage with the development and implementation of sustainable forestry and practices.
- Formulate cooperative research projects for 6 countries including China, Indonesia, Mongolia, Myanmar, Philippines and DPRK. The workshop participants are expected to draft their research plan on REDD+ for their respective country. Each research plan will be reflecting the needs of their own countries for REDD+ preparation. Among the topics of research are governance, MRV, cause of deforestation, costs of REDD+, safeguards for local livelihood and biodiversity, etc included.

**Agenda**

May 20 (Monday): participants arrive Beijing and registration, welcome dinner ( 18:00, Zhongqu Restaurant, RUC)

21 May: WORKSHOP DAY
